WHAT FEATURES OF SCHOOL CONTEXT, LOCAL AUTHORITY FACTORS, AND NATIONAL FACTORS CONNECT TO THE SPECIFIC IMPROVEMENT PRIORITY?

SCHOOL (LEARNERS)

Learner engagement has risen over the past session due to the creative nature of our curriculum. These approaches now need to be fully embedded in the school

In the recent 'Ethos' survey pupils reported more favorably on the way we manage negative behaviour (such as bullying). We still need to consolidate these approaches and ensure a robust approach to 3.1

Learners view 'pupil voice' as how they influence things such as playground equipment rather than choices in their learning. We need to build on approaches to ensure a wider understanding of procedures we have in place.

HOW DOES THE SPECIFIC IMPROVEMENT PRIORITY FURTHER THE VISION AND VALUES OF THE SCHOOL?

SCHOOL VISION

Taking our learning over the rainbow

SCHOOL VALUES

- Kindness
- Resilience
- Honesty
- Respect

CURRICULUM RATIONALE

In order to truly 'take learning over the rainbow' we need to ensure that our teachers are well equipped to provide our learners with what they need to be truly successful. The idea of resilience in learning is one that we have been working on for many years as our learners can struggle to take responsibility for their own learning pathways – although we have seen an improvement in this over the past 2 sessions. Honesty, respect and kindness link to the inclusive nature of the school and emphasis on these values helps to ensure that our learners are all in the position to learn.

WHAT DATA HAVE YOU COLLECTED AND ANALYSED THAT SUPPORTS THE FOCUS ON THE SPECIFIC IMPROVEMENT PRIORITY?

DATA ANALYSIS STATEMENT:

We have identified a need to refresh training around Health and wellbeing approaches

Data suggest that we have successfully introduced a range of strategies. We now need to embed our approaches to these

We have identified the need to improve differentiation in order to improve attainment and achievement

We have identified a need to focus on moderation, particularly in the area of writing

Various numeracy data suggests that quintile 1 learners do not attain as well as other learners in the area of numeracy. Learners have also identified a need to be challenged in this area of the curriculum

numeracy as in other areas of the curriculum. There is a need to challenge our learners more in this
